DETAILED ACTION

1. Claims 1, and 3-33 were pending in the instant application at the time of the previous Office Action. By the latest amendment filed 3/3/06, claims 1-6, 12, 13, 16-19, 23, and 29-33 are cancelled. Therefore claims 7-11, 14, 15, 20-22, and 24-28 are now pending and have been examined.

Allowable Subject Matter

- 2. Claims 7-11, 14, 15, 20-22, and 24-28 are allowed.
- 3. The following is an examiner's statement of reasons for allowance:

The closest prior art in the field, Powell et al, US 6,678,392, and Cullen et al, US 5,335,290, do not teach the features of the independent claims;

As per claims 7-11 and 26, the prior art fails to teach the combination of limitations including sequential authentication of an object level representation via a textural authentication algorithm,

As per claims 14 and 15, the prior art fails to teach the combination of limitations including visible authentication data that is a bounding box or a bar code,

As for claims 20-22, 24, 25, 27 and 28, the prior art fails to teach the combination of limitations including the operation on a truncated image in the manner of the applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably Application/Control Number: 09/429,470 Page 3
